

## PRELIMINARY ADMENDMENT TO

Invention Title: Chemical formulations and methods utilizing NPB(n-propyl bromide) as non-aqueous carrier mediums to apply fluorocarbons and other organic chemicals to substrates

Application No. 10/611,746

Date Filed: June 30, 2003

Date: January 19, 2005

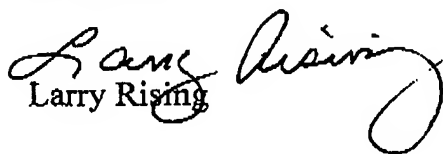

Dear Sir

We are amending claim number (1) on attached claim listing as follows:

1. (Original) Methods and chemical formulations utilizing NPB(n-propyl bromide) as non-aqueous carrier mediums to apply fluorocarbons and other chemicals to substrates, whereby the NPB is evaporated away leaving the remaining chemicals on the substrate.

1. (Currently Amended) Chemical formulations utilizing NPB(n-propyl bromide) as non-aqueous carrier mediums to apply fluorocarbons and other chemicals to substrates, whereby the NPB is evaporated away leaving the remaining chemicals on the substrate.

Sincerely,

  
Larry Rising
